

Wallcondens®

Neutralisation system for wall-mounted gas units up to 45 kW

Wallcondens® cleans and neutralises condensate from wall-mounted gas units, so that it does not destroy the sewage system and subsequently the environment. Thanks to the wall mounting, the Wallcondens® is easy to install and conveniently maintained with the integrated cartridge.

Wallcondens® for wall-mounted gas units

Products gas	Perfomrance heating	Cartridges	Height in-let/outlet	Dimensions	Art. No.
 Wallcondens®	up 45 kW	1 pcs.	155mm / 130 mm	L: 145 mm W: 70 mm H: 160 mm	1001818

Your benefits with Wallcondens® at a glance:

- **Plug & Play:**
The Wallcondens® fits directly onto the siphon hose of the wall-mounted gas unit. Thanks to the integrated wall mounting, the Wallcondens® can be installed quickly and easily in any location.
- **Certification:**
The Wallcondens® has been tested according to the DVGW VP 114 directive and is CE-certified.
- **Recycling:**
The Wallcondens® is easy to maintain thanks to the cartridge system: Remove used cartridge, fit new cartridge. The cartridge can be returned to Powercondens for reprocessing.
